## Security Lock Installation

Open the cashbox cover, remove the plastic lock and plug.  
Follow the diagrams below.

Please use 5/8" or 1-1/8" size locks from typical brands such as MEDECO, KABA, ABLOY and VSR.

The locks must rotate in opposite directions; 90 degrees clockwise and 90 degrees counterclockwise.

See figure above.

Locking hasps #5110086 are provided.
