DisplayPro

Brand. Inform. Advertise.

DisplayPro

The DisplayPro features a premium 42" smart FHD LCD panel with a contemporary slimline design that occupies a small footprint. It is perfect for retail, hospitality, financial institutions, quick service restaurants, auto-rental facilities, family entertainment centers, casinos, bars, lounges and more. Inform your customers of your latest products, use it for third party advertising, and announce events and promotions to run on specific times and days.

Each unit comes standard with a USB media playback allowing you to create content and use a USB media thumb-drive to load content to the LCD where your files automatically upload to the onboard memory, deleting old files, and playing automatically at the correct scheduled time.

Content Management System:

Easily create and schedule campaigns through the content management system. Digital images, graphics and videos can be slated at different time periods and frequency can be set by the user with a simple scheduling program. Remote access for each campaign available on PC, Tablet or Mobile device to allow updating campaigns on the fly.

Features:

- 42" FHD Industrial grade LCD panel, with toughened glass for screen protection
- Edge lit translucent border (acrylic)
- Runs up to 3 individual displays
- Media player board for USB media playback
- SUZOHAPP content management system (Optional)
- Remote content scheduling

Unit Specifications:

- 42" LCD, Portrait mode
- 1080 x 1920 resolution
- Wide viewing angle
- i5 Industrial PC
- input Voltage 240V AC

Color Options:

- Acrylic: Clear, White, Red, Orange, Green, Blue, Purple and Pink
- LED: White, Red, Blue, Green, Yellow, Purple and Amber

DTC 600 – *Ultimate Coin Sorter*

The latest DTC solution is designed to satisfy the market's need for reliable and modern cash processing. It is a strong performer in sorting and counting, as well as in rejecting foreign and damaged coins. Through the unique sensor technology the solution offers outstanding accuracy, combined with reliable functions. Maximize the efficiency at the same time as you increase the accuracy, enabling you to focus on more profitable tasks.

153-DTC0601-USD

SC 1600 – *Versatile and Meticulous*

The SC 1600 features unique and revolutionary technology to identify counterfeits. The machine uses sophisticated magnetic ink recognition and infrared recognition in order to verify the banknotes' authenticity. The SC 1600 offers a high throughput of up to 1,500 notes per minute. Standard functions include continuous counting as well as variable batching of any quantity between 1 and 999 notes. The machine batch to maintain high throughput.

001-018520-600

SC 303 – *Efficient Cash Handling*

With counting speeds up to 2,700 coins/minute, the SC 303 is a real time-saver. A reliable partner for banking, retail, amusement and other businesses that need to count, verify or bag coins or tokens. The solution is so compact it they will fit in wherever you need to use it. Two separate adjustments for coin diameter and coin thickness make the SC 303 a universal choice. A side bag attachment for rejected coins is standard. Other benefits for the user are pre-selectable bag stops, memory, automatic reverse function removing jammed coins and automatic stop and offsort function for smaller coins.
