with the Versatile

# V-POSTER

LED Displays!

THE IDEAL PLUG-AND-PLAY  
SOLUTION, READY TO PERFORM  
WHEREVER YOU NEED IT.

### Built to Last

Featuring innovative Glue-on-Board (GOB) technology, which protects the LED and extends its lifespan through enhanced heat dissipation.

### Plug-and-Play Convenience

Easy setup anywhere, weighing just 75lbs with its mobile base for effortless mobility!

### User-Friendly Interface

Equipped with an infrared frame, it's touch-capable with up to 16 touch points (additional option available).

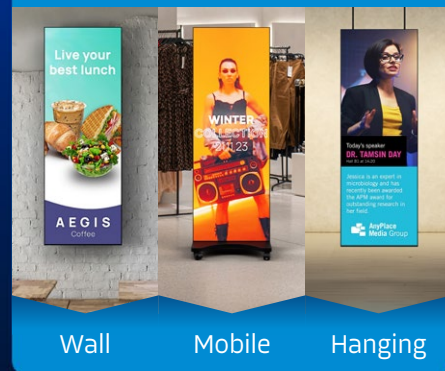

### Multi-Device Compatibility

Supports HDMI, RJ45, USB, WiFi, light and temperature sensors, and audio for seamless connectivity.

### THREE MOUNTING METHODS

Wall

Mobile

Hanging
